FULL-STACK WEB DEVELOPER

Beijing, China. Relocating to the UK in July | +86-1133-1203 | alexbeet@icloud.com
www.alex-pritchard.com | linkedin.com/in/alexpritchard1 | github.com/alexbeet81

SUMMARY:

Results-driven software developer seeking to use proven Javascript, React, and Ruby skills to build excellent products. I have developed five web apps and taught Ruby and Ruby on Rails at a coding Bootcamp. Have a passion for problem-solving.

SKILLS:

I am confident with Javascript, React, Ruby and Ruby on Rails. Currently learning Node.js and Typescript

- HTML5
- CSS/SCSS
- Figma
- PostgreSQL
- React Query
- Redux
- Jest, React Testing Library
- Heroku

RELEVANT PROJECTS:

GreenGym   **ReLabs, Shanghai**

Freelance Web Developer | April, 2022 - July, 2022

- Built a fitness platform allowing users to follow an exercise routine and track their progress.
- Worked in a team of three. Main responsibility was building the front end using React and React Query. I also created the design using Figma.
- Aided on the back end when needed using Ruby on Rails to build an API.

FreeMe   **Le Wagon, Final Project**   freemedom.herokuapp.com

Freelance Web Developer | July 2021

- Project Manger and lead back-end developer. Used Ruby on Rails with Erb for the front end.
- Managed the Git repository for the team and aided with front end.
- Led a team of four to successfully complete the project within four weeks.

WORK EXPERIENCE:

Lead Teacher / Teaching Assistant | La Wagon Coding Bootcamp | September 2021 - Present

- Planned and led kick off and live code sessions with the students.
- Guided and encouraged students during and after coding sessions.

Middle School International Teacher and Subject Leader | Beijing 21st Century Internatial Scool September 2017 - Current

- Planned and taught 7th Grade Grammar lessons.
- Selected new English grammar curriculum for grades 7 - 9.
- Supervised lesson plans and assessments of English Language teachers.

EDUCATION:

Le Wagon Bootcamp | Shanghai | 2021

- 24-week intensive program - completed part-time while continuing to work.
- Covered the basics of Ruby, software modeling, Database & SQL, Front End, Rails framework & AirBnB project, and 4 week final project.

University of Plymouth | Devon | 2001 - 2004

- BA (Hons) Animation and creative media
